

**MANY PEOPLE
CONFUSE
BRANDING
WITH
MARKETING
OR EVEN WITH LOGO**

But Branding is none of these.

UNDERSTAND THIS WAY

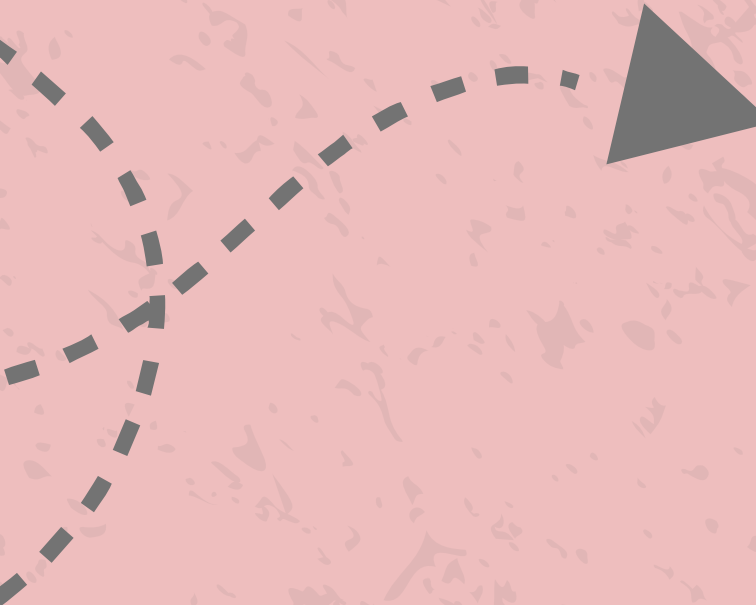

- **Marketing brings customers to your product.**
 - **Marketing creates attention.**
-
- **Branding makes them choose your product again.**
 - **Branding creates preference.**

IN FMCG CATEGORY

Product → What you sell

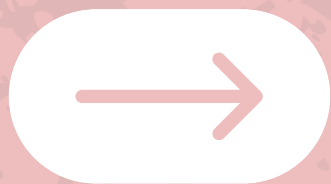

Brand → What people remember

- **Consumers don't deeply analyze.**
- **They recognize, trust, and choose quickly.**
- **That's where strong branding wins.**

ANCHOR IT TO YOUR DAY

Attach your new habit to a daily activity. For example, meditate right after waking up or stretch before bedtime.

FOCUS ON ONE HABIT AT A TIME

Don't overwhelm yourself.
Master one habit before adding
another to your routine for
lasting change.

**YOUR HABIT
JOURNEY
STARTS NOW!**
